15 Srd with reference to para 13 of the note the facts of the case are explained in the D-C's letters of 29/1/47 and 24/6/47

16 An extent of 11 ac — 6 gs comprising survey 15/1, 15/2, 16/1, 16/2, 17 and 18 of Devanankanallu, Honnali Kasaba is proposed for acquisition for the construction of Municipal High School

17 The D C proposes that Rs 464/- commuted assessment (amounting to Rs 464/-) and conversion fine on the land may be waived as the acquisition is meant for a public purpose Under rule 6 of R L R Conversion fine in the present case may be waived But there is no provision for the waiver of commuted assessment also the Municipal Council have resolved That, as they derive no profit from the conversion of the land in question for building purposes, That both commuted assessment and conversion fees also be waived The D C supports the resolution

by 9/8/47 By 11-8-47

18 The lands proposed to be acquired are Inam lands not Subject to the levy of full assessment Even the full assessment is only Rs 164- and commuted assessment will be Rs 406-40 This is not after all a large sum when the Municipality is prepared to pay Rs 5899/- as

Compensation for the lands - No case is made out to waive recovery of commuted asst.

19 It is however necessary to recover 25 times the full asst on the lands As Govt was getting only Jodi and the compensation to be paid to the owners of the land might have to be fixed taking into consideration the fact that the lands are held on low asst, only 25 times the Jodi payable to Govt, may be recovered in this case.

The D C Shimoga
No L 8690 dated 4 9
Requested to expedite the selection of site

From
The Deputy Commissioner Shimoga District
No A S Agr 55/46 47 dated 1-11-1947

Forwards the plan of the site selected
for the construction of a Municipal High School
building at Honnali and requests sanction
for the acquisition of properties

26 24) Asked the Govt Architect to see his
letters dated 9-8-47 to the Dy Comm Shimoga Dt
(vide copy with the P W D) states that he has
inspected the site and that there is no objection

to the construction of the High School provided the surrounding high-ways are readjusted as shown in the enclosed plan

2) ~~35~~) The surrounding highways recommended for readjustment are as follows —

1) A new straight road A-B has to be formed at an estimated cost of Rs 10,000/-

2) The old Branch Road A-C to Hounale, Thubenakatte and Shekarpur has to be metalled and opened for traffic

and 3) The existing link road B-C from the Bridge to Hounale has to be closed for through traffic and used merely as an approach road to the Schools, the Travellers Bungalow and Devanahalli Kalle

2) ~~35~~) The Executive Engineer Shimoga in his letter of 4-7-60 addressed to the Govt Architect (copy with the PWD) has agreed to the deviation of the State Fund Road referred to in item 1 of para 35 supra and as

547 [2367]

the Construction of a Municipal High School at Honnale
regards the other elevation viz Honnale
Shelkarepet Road he states that it is not
feasible

29) The Deputy Commr Shimoga is silent about the elevations of the highways proposed by the Govt Architect Hence the D C may perhaps be requested to give his opinion in this behalf

30) It is not clear if the Executive Engineer is not in agreement with the figures of the Govt Architect which are dated 9-47, while the objections of the Sub Engr were made on 4/7/47 Also it is not clear if the Sub Engr was not the objection of the Honnal - Shelkarepet Road involved the construction of a bridge at a heavy cost (presumably across the Tungabhadra) but the Govt Architects suggestions do not seem to contemplate the construction of any such bridge

31) If asked the D C will be requested to clarify these points and also give his opinion on the whole matter

12/11/47 32) It is difficult to make out from the blue print the several points referred to in the S D O's letter If asked the Govt Architect will give the correct plan showing thereon the several Roads etc

33) Submitted with a dft calling for the requested information, for approval

GENERAL AND REVENUE DEPARTMENTS

G O No R 4264 84—L R 334 39 5 dated 18th December 1940

Conversion Fine and Special Assessment

Revision of the rules regarding the levy of —— on agricultural lands used for non agricultural purposes

---

READ—

Government Order No R 4794 803—L R 91 29 8 dated 12th April 1932 amending Rule 29 of the Land Revenue Rules prescribing the rates of special assessment leviable in respect of agricultural lands appropriated for industrial or manufacturing purposes

2 Government Order No R 1278 87—L R 33 36 2 dated 28th September 1936 passing orders directing the levy of special assessment on lands appropriated for building purposes

3 Government Order No R 614 24—L R 32 36 4 dated 6th August 1937 directing the amendment of Rule 29 of the rules under the Land Revenue Code and the schedules attached thereto so as to revise the rates of special fine payable on agricultural lands appropriated for non agricultural purposes

4 Correspondence ending with letter No C 3253—39 40 dated 10th June 1940 from the Revenue Commissioner in Mysore submitting with reference to a representation made in the Representative Assembly a report on the matter of revision of the rules relating to the levy of conversion fine and special assessment on agricultural lands appropriated for non agricultural purposes

ORDER No R 4264 84—L R 334 39 5 DATED BANGALORE THE 18TH DECEMBER 1940

At the Dasara Session of the Representative Assembly in October 1939 a representation was made that the revised rates of conversion fine prescribed in the Government Order of the 6th August 1937 were very heavy and the levy of conversion fine in addition to special assessment on lands converted to non agricultural purposes was working as a hardship inasmuch as it amounted to a double levy On this the Government promised to re examine the whole question to make necessary enquiries about the land values and find out if the prevailing rates of conversion fine were too high The question was accordingly referred to the Revenue Commissioner for furnishing his opinion in consultation with the Deputy Commissioners of Districts the President of the Municipal Council Mysore and the Municipal Commissioner Bangalore City Municipality and he has now submitted his report

2 Most of the Deputy Commissioners consider that the existing rates of conversion fine do not call for any revision in view of the rise in land values and that the levy of special assessment may be restricted to lands used for industrial purposes and that in the case of lands used for building purposes commuted assessment equal to 25 years agricultural assessment may be levied

The President of the City Municipal Council Mysore and the Commissioner of the Bangalore City Municipality have suggested that conversion fine may be waived altogether or at least reduced to the original level and that commuted assessment equal to 25 years agricultural assessment may be levied in lieu of special assessment and that out of the special fine to be realised by Government a moiety may be given to the concerned municipalities The Revenue Commissioner agreeing generally with the Deputy Commissioners recommends that the rates of conversion fine in force prior to 1937 may be restored and that the special assessment may be continued to be levied on agricultural lands appropriated for non agricultural purposes other than building purposes and that in the case of agricultural

o R 4264 84 -L R 334 39) DATED 18TH DECEMBER 1940

lands used for building purposes 25 or 30 years asse ment may be collected in lieu of the special assessment

3 Under Section 48 of the Land Revenue Code assessment fixed under the provisions of the Code upon any land appropriated for any one purpose is liable to be altered and fixed at a different rate when such land is appropriated for any other purpose and consequently lands assessed to agricultural assessment are subjected to a special assessment on conversion to building purposes As houses and vacant sites in towns and rural areas are taxed by the respective municipalities and village panchayet there appear to be a misapprehension that the imposition of special assessment by Government on the same house sites amounts to a double exaction by different public authorities Government consider it expedient to remove as far as possible the cause for this misapprehension although it is ill founded Moreover the levy and collection of special assessment on small house sites which are constantly undergoing change of ownership would be very difficult Govern ment therefore direct that the levy of special assessment may in future be waived in respect of agricultural lands used for the construc ion of residential buildings and that its levy be confined as a rule to cases of lands converted to industrial uses

4 As regards conversion fine Government consider that its levy must under the present circumstances remain the chief means of obtaining for the State a fair share of the increased value accruing on agricultural land within and in the vicinity of large towns and industrial centres as well as of compensating the State for loss of land revenue when land is converted into non agricultural purposes Government are not therefore in favour of abolishing this levy So far as the rural areas are concerned the rate of conversion fine now in force *viz* 25 times the land revenue assessment is quite moderate and will be continued But as regards the special areas and towns mentioned in Rule 59 of the Land Revenue Rules it is necessary to have a systematic enquiry made with a view to finding out the market value of building land in the several towns On the basis of such enquiry which will have to be periodically repeated once in five years it is proposed to fix standard rates of conversion fine for each locality so as to secure for the State a fair and definite proportion of the increment in value arising from the conversion of agricultural land to building or other special purposes Separate orders will issue in this matter on receipt of a detailed report from the Revenue Commissioner on the above lines

Letter No 17 dated 4th July 47 from the Executive Engineer Shimoga Division, Shimoga to the Government Architect and Town Planning Officer, Bangalore

Re Construction of a Municipal High School at Honnali

With reference to your No 2888 dated 27-5-47 and Memo No 3127 dated Nil-6-47 regarding the above, I have the honour to state that I inspected the site of the proposed High School at Honnali and the approach roads referred to

The site of the proposed high school is II marked in the blue print and not ABCD Site I in ABCD is the site selected for the Middle School, the construction of which is under progress

Regarding the deviation of the State Fund Road from the proposed new Circle to the bridge, this is possible and the cost including the acquisition of lands will be approximately Rs 10,000/-

Regarding the deviation of Honnali-Shikaripur Road, as marked in red, is not feasible since the road will have to run in low ground, and besides, a new bridge will have to be constructed at a heavy cost, when there is already a bridge constructed at X at a cost of Rs 25,000/- recently Besides, this road is a District Fund road and the District Board President, will have to be consulted in the matter There is already a old road CXY which can be improved at a cost of Rs 10,000/-

The blue print received with your No 2888 dated 27-5-47 xx is enclosed, with the necessary information

Copy of D O letter No 480/ dated 9th Aug 47 from the Govt Architect & Town Planning Officer, Bangalore, to the Deputy Commissioner, Shimoga Dist

Subject - Site for the MunicipalHigh School at Honnali

with reference to correspondence ending with your D O letter No A5 Acq 55/46-47 dated 10-6-47, I write to inform you that I have inspected the site on the 30th July 47 There is no objection to the construction of two schools provided the surrounding high-ways are readjusted as shown in the enclosed plan

Viz (1) A new straight road A- B to be formed to the bridge The cost will be approximately Rs 10,000/- as estimated by the Executive Engineer, Shimoga Division in his letter No 17 dated 4-7-47 (Copy enclosed for reference)

(2)The old branch road A- C to Honnali, Thubinakatte and Shikaripur to be metalled and reopened for traffic

and (3) The existing link road B- C from the bridge to Honnali to be closed for through traffic and used merely as approach road to the schools, the Travellers Bungalow and Devenkhanahalli village

Shimoga

Sir,

Re construction of a Middle
aided High School at Honnali

With reference to your
letter no A5 Agr 55/46-47
dated 1-11-47 forwarding
therewith the plan
plan of the site selected
for the construction of the
above
High School, I am
directed to state that it is
not clear from the papers now received whether
the Executive
Engineer, Shimoga Dn, is not
in agreement with the
proposals of the Govt Architect
made ~~in~~ by his letter ~~forwarded~~ dated 9-8-47, ~~that~~
addressed to you

2d Subsequent to the
while the objections of the
Exe Engr were made on 4/7/47
that the main objection of the
Exe Engr was that the deviation
of the Honnali – Shikarpur Road
involved the construction of
a bridge at a heavy cost
(presumably across the Tungabhadra)
but the Govt Architect's suggestions
do not seem to contemplate
the construction of any such
bridge. I am therefore
kindly to enquire
and to furnish a correct
plan marking thereon the several
roads etc and also to give
opinion on the matter
the other roads are
I have etc

Subject:

Allotment of the ijara tenure of land measuring 4 acres for the construction of Baccalaureate High School

Memorandum

With reference to your letter No. 47-C7-43/47-C dated 14th July 1947 on the above subject, I have the honour to forward herewith copy of letter No. A. C. C7-43/47-C dated 1st August 1947 with its enclosures received from the Chinese District and to state that the various questions are reported to be entrenched in land deeds (Sharabana and Nafq Watli) and that the owners will be paid compensation as per the award of the Land Acquisition Officer. It is further reported that since the entire survey has been secured, the question of cancellation of the ijara tenure does not arise. Even the question of partial land in exchange also does not arise unless the owners ask for it.

Yours faithfully,

Sd/- Van Dyke Orr
